

## Student Intern Evaluation Report

Per US Department of State Exchange Visitor regulations, the sponsor of a student intern must conduct a concluding written evaluation of the student intern at the end of the internship. For a program lasting more than six months, the faculty sponsor must do a midpoint and a concluding evaluation. A copy of the evaluation must be given to the student and the International Services.

Please provide the report by either completing the form below, or writing in your own format. Feel free to attach any additional information, including photographs, if any.
