Please read the following information as it pertains to the use of Financial Aid on an APA program:

All students using financial aid for studying abroad **MUST**:

- Complete the BUDGET PLANNING Worksheet
- Be registered as an "Academic Programs Abroad Student" through the Office of Academic Programs Abroad for the term(s) they are studying abroad.
- Be registered full-time at LSU the semester BEFORE studying abroad, and must plan to register at LSU AFTER studying abroad.
- Be registered on the study abroad program as a full-time student
- Have Academic Programs Abroad courses pre-approved for transfer credit by their academic department.
- Complete an enrollment verification form by the 14th day of class.

All students studying abroad are responsible for obtaining and completing the financial aid application materials for the next academic year by their assigned deadlines. Application materials received after the deadlines may result in the student not receiving all the funds for which he/she would have otherwise been eligible.

Financial Aid will begin disbursing on the first day of the LSU semester. Students should check with Financial Aid concerning their specific aid package, useability, and disbursement dates.

Students must have a direct deposit account on file to receive their aid package refund as soon as possible to meet any external provider payment deadlines.

I hereby certify that, to the best of my knowledge, all of the above statements are true and accurate. I also certify that I have read the above information and acknowledge that it is my responsibility to understand my Academic Programs Abroad program's financial arrangements.
